# VISHAK K V
## FRONTEND DEVELOPER

📞 +91-9500754102    📍 Kottar, Nagercoil, Tamil Nadu    ✉️ vishakeaswer@gmail.com

## PROFILE

I am a Frontend Developer. having knowledge in HTML, CSS, JAVASCRIPT and REACT.js. Creating responsive and user-friendly websites. And I'm always ready to learn new technologies and improve my skills

## EXPERIENCE

**2024 - NOW**

**Frontend Development**

**INTERN – KARKA SOFTWARE ACADEMY**

Karka Software Academy Jan 2025 – Present
Key Contributions:
- Learned and worked with modern frontend technologies such as React.js, Vite, and Material UI.
- Developed responsive and user-friendly web pages and forms with real-time form validation.
- Built a Student Add Lead form with multi-step input and dynamic validation rules.
- Integrated the project with Firebase Firestore to securely store and retrieve data.
- Gained hands-on experience in component-based design, routing, and state management in React.

**2018 - 2024**

**Testing and Development Engineer**

**SWASTIKA DIGITAL SYSTEMS**

- Worked on firmware development, hardware integration, and troubleshooting for IoT-based applications.
- Designed, programmed, and tested embedded systems using ESP8266 and ESP32 microcontrollers.

## PROJECTS

### E-Commerece Site

- Developed a fully responsive e-Commerce website using React.js and Material UI, optimized for desktop, tablet, and mobile.
- Implemented live search functionality to filter products by name in real-time.
- Added sorting options for products by: Price (Low to High/High to Low), Rating, Name (A–Z/Z-A)
- Built a Wishlist feature that saves user preferences using localStorage, ensuring persistence across sessions.
- Focused on clean UI/UX design with seamless navigation and efficient component structure.

### Portfolio

- Designed and developed a modern, responsive personal portfolio using React.js.
- Showcases sections like About Me, Skills, Projects, Experience, and Contact.
- Implemented smooth navigation with React Router and scroll animations.
- Integrated EmailJS to enable direct message sending through the contact form.
- Optimized for mobile, tablet, and desktop views using Material UI responsive design.
